Disposal: Dispose of contents/container to an approved waste

disposal plant.

Read SDS before using this product.

HEAVY-DUTY HIGH FOAMING CAUSTIC CLEANER

DIRECTIONS FOR USE: KC-505 is normally diluted at the rate of 2-12 ounces per gallon of water depending upon soil to be removed, the temperature of the cleaning bath and the time allowed for cleaning. When used in pressure washing, the typical dilution is 50-100:1. KC-505 may be used in all departments of meat, poultry and general food processing plants.

Note: This product is not safe on soft metals, galvanized and painted surfaces.

Additional Precautions: Corrosive! Contains sodium and potassium hydroxide.
