

# PC-980

## TECHNICAL WHITE OIL

**May be fatal if swallowed and enters airways.**  
**Response: IF SWALLOWED:** Immediately call a poison center or doctor. DO NOT induce vomiting. **Storage:** Store locked up. **Disposal:** Dispose of contents/ container to an approved waste disposal plant.

### DANGER

**Recommended First Aid: IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes.

Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. If eye irritation persists: Get medical advice/attention. **IF ON SKIN (or hair):** Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Wash contaminated clothing and shoes before reuse. Get medical attention if irritation develops and persists. **IF INHALED:** Remove to fresh air. Administer oxygen if breathing is difficult. Aspiration into lungs can produce severe lung damage. Call a physician immediately. **IF INGESTED:** Do NOT induce vomiting. Do not give anything by mouth. If spontaneous vomiting is about to occur, place victim's head below knees. If victim is drowsy or unconscious, place on left side with head down. Immediate medical attention is required. Aspiration Hazard if swallowed - can enter lungs and cause damage.

Specially blended technical white oil for use as a lubricant and rust preventative for food processing machinery. Meets USDA H-1 requirements allowing for incidental food contact.

**DIRECTION FOR USE:** Spray onto clean food processing equipment prior to production to provide rust and corrosion control. Excess should be removed prior to production.

**Additional Precautions:** Avoid water contamination and extreme temperature to minimize product degradation.

Read SDS before using this product.
