

FB-1726

DRY CONVEYOR BELT LUBE

WARNING

Causes eye irritation. Prevention: Wash face, hands and any exposed skin thoroughly after handling. **Response: IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

ADDITIONAL PRECAUTIONS: Store in a closed container in a dry area between 40°F and 120°F.

Read SDS before using this product.

FB-1726 is a specialized conveyor lubrication product that provides effective container-to-chain and chain-to-conveyor equipment lubrication during manufacturing operations. FB-1726 is a ready-to-use dry lubrication product which greatly reduces water usage, improves cleanliness of the equipment, and reduces worker safety risk due to wet production floors.

DIRECTION FOR USE: FB-1726 is to be applied via Safe Foods Chemical Innovations' Lubrication Delivery System. Specific application parameters will be determined and adjusted as needed by Safe Foods Chemical Innovations' Sales and Service Representative or designated factory associate.
