DO NOT induce vomiting.

**Storage:** Store locked up.

**Disposal:** Dispose of contents/container to an approved waste disposal plant.

**Additional Precautions:** Corrosive! Contains glycolic and citric acids.

**Read SDS before using this product.**

KC-413 is a high foaming, phosphate-free acid cleaner for removing alkali build up and hard water scale from equipment surfaces. KC-413 may be used in all departments of meat, poultry, dairy and general food processing plants.

**DIRECTIONS FOR USE:** Rinse area to be cleaned with hot water (100°F – 140°F) to remove gross soil. Use 3-10 ounces of KC-413 per gallon of hot water (100°F – 140°F). Spray or use brush to apply onto surfaces and let stand for about 10 minutes. Rinse with clean water.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected.
