NET CONTENTS: 400 POUNDS

SpiralClenz™ 2200 is a low pH (acidic) powdered membrane soak product for removing of metal hydroxides, carbonates, sulfates, calcium phosphates and other similar scales. Buffered pH helps maintain optimum cleaning performance throughout cleaning cycle.

DIRECTION FOR USE: SpiralClenz™ 2200 is normally diluted to 0.3 to 0.5% solution depending on the soil type to be removed. Contact your Safe Foods Chemical Innovations Sales and Service Representative for use recommendations.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected. This product should not come into direct contact with meat, shell eggs, or other food products.

Additional Precautions: Corrosive! Contains Sodium metabisulfite
