BATCH:

SpiralClenz™ 2201 is an acid based soaking product for membrane systems. It's based on glycolic acid for efficient removal of inorganic soil and scale from all membrane types.

DIRECTION FOR USE: SpiralClenz™ 2201 is normally diluted to 0.5-1.0 % solution depending upon duration of soaking process. Contact your Safe Foods Chemical Innovations Sales and Service Representative for use recommendations.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected. This product should not come into direct contact with meat, shell eggs, or other food products.
