LIQUID LAUNDRY ALKALI

Description:

A quality booster to liquid laundry detergent for maximum removal of stubborn grease, oil and stain on cottons and polyesters. Do not use on wool, silk or delicate synthetics. This product is ideally suited for use in food plants and other industrial laundry applications.

Directions for Use:

Use enough on the break to achieve a pH of 11.5. Laundered fabrics for food plant use should be thoroughly rinsed with potable water.

Note:

The Canadian Food Inspection Agency has no objection to the use of this product in food plants when used according to label directions.

Contains:

Sodium hydroxide and polymer.

FOR FOOD PLANT & INDUSTRIAL USE ONLY
