

DANGER
Flammable liquid and vapour.
Causes severe skin burns and eye damage.

Do not breathe dusts or mists.
Wash hands thoroughly after handling.
Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
Wear protective gloves, protective clothing, and eye/face protection.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Immediately call a poison centre or physician.

IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water. Wash contaminated clothing before reuse. Immediately call a poison centre or physician.

IF INHALED: Remove person to fresh air and keep comfortable for breathing. Immediately call a poison centre or physician.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Immediately call a poison centre or physician.

Store locked up.
Store in a well-ventilated place. Keep cool.

DANGER
Liquide et vapeur inflammables.
Provoque de graves brûlures de la peau et de graves lésions des yeux.

Ne pas respirer les poussières ou les brouillards.
Se laver les mains soigneusement après manipulation.
Tenir à l'écart de la chaleur, des surfaces chaudes, des étincelles, des flammes nues et de toute autre source d'ignition. Ne pas fumer.
Porter des gants de protection, des vêtements de protection, un équipement de protection des yeux/du visage.

EN CAS D'INGESTION: Rincer la bouche. Ne PAS faire vomir.
Appeler immédiatement un centre antipoison ou un médecin.

EN CAS DE CONTACT AVEC LA PEAU (ou les cheveux):
Enlever immédiatement tous les vêtements contaminés. Rincer la peau à l'eau. Laver les vêtements contaminés avant réutilisation. Appeler immédiatement un centre antipoison ou un médecin.

EN CAS D'INHALATION: Transporter la personne à l'extérieur et la maintenir dans une position où elle peut confortablement respirer. Appeler immédiatement un centre antipoison ou un médecin.

EN CAS DE CONTACT AVEC LES YEUX: Rincer avec précaution à l'eau pendant plusieurs minutes. Enlever les lentilles de contact si la victime en porte et si elles peuvent être facilement enlevées. Continuer à rincer. Appeler immédiatement un centre antipoison ou un médecin.

Garder sous clef.
Stocker dans un endroit frais/bien ventilé. Tenir au frais.

PAC-650

PEROXYSAN 5

This product is a peracetic acid based sanitizer ideally suited for a variety of sanitizing applications in food plants, dairies, breweries, wineries, and beverage operations. It may be applied to pre-washed surfaces such as floors, walls, process equipment and CIP systems by immersion, coarse spray or circulation. The product is recommended used at 3-6 mL per Litre of water, which would provide 150-300 ppm active peracetic acid and 450-900 ppm active hydrogen peroxide.

PAC-650 PEROXYSAN 5 is an acidic product and is most effective at a pH range of 5-7 when diluted with water at temperatures of less than 30 degrees Celsius. After applying the sanitizer, drain product from surfaces and allow to air dry. Do not rinse. The sanitizing solution will break down into water, oxygen and weak vinegar content.

PAC-650 PEROXYSAN 5 may also be used in the washing of fruit and vegetables and in the fruit and vegetable flume water. Dilute the product at 2 mL per 5L of water (20 ppm active peracetic acid) and soak for a minimum of 3 minutes. Rinse thoroughly with potable water. This product should not be used or stored in areas which result in direct contamination of food. Storage in food processing areas is not permitted.

NOTE:

Do not mix with bleach or alkaline cleaners. Store in a cool place in its original container.

Food equipment and food contact surfaces should be rinsed clean with potable water after use. Avoid contamination of food during application and storage.

CONTAINS: hydrogen peroxide, acetic acid and peracetic acid
