Dear Ms. Tungland,

**RE: Apple Fresh/PAC-702 Apple Fresh**

This is in response to your email of March 14, 2022, wherein you requested our comments on the acceptability of the subject product for use as a deodorant for carpets, garbage cans, etc.

The application of the product falls within categories “i and x” of the list of applications exempted from our evaluation. You will find the list of exempted products at Health Canada’s web site at:

<https://www.canada.ca/en/health-canada/services/food-nutrition/legislation-guidelines/guidance-documents/guidelines-incidental-additive-submissions-guideline-no-4-2010.html#a8>

Although this exempted product is not subject to our review, it is expected that:

- a) The product is properly labelled;
- b) The product will not be used and stored in food handling areas; and
- c) The use of the product will not directly or indirectly contaminate food products during application and storage.

For more information on regulations and guidelines for incidental additives submissions, you can visit Health Canada’s website at:

<https://www.canada.ca/en/health-canada/services/food-nutrition/legislation-guidelines/guidance-documents/guidelines-incidental-additive-submissions-guideline-no-4-2010.html>.

We trust the above information is of your assistance
