

**WARNING**

Causes serious eye irritation.
Flammable liquid and vapour.

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.
If eye irritation persists: Get medical advice.

Store in a well-ventilated place.
Keep cool.

**ATTENTION**

Provoque une sévère irritation des yeux.
Liquide et vapeur inflammables.

Tenir à l'écart de la chaleur, des surfaces chaudes, des étincelles, des flammes nues et de toute autre source d'ignition. Ne pas fumer.

EN CAS DE CONTACT AVEC LES YEUX: Rincer avec précaution à l'eau pendant plusieurs minutes. Enlever les lentilles de contact si la victime en porte et si elles peuvent être facilement enlevées. Continuer à rincer.
Si l'irritation des yeux persiste:
Demander un avis médical.

Stocker dans un endroit frais/bien ventilé. Tenir au frais.

DUO

Food Contact Hard Surface Sanitizing:

Thoroughly clean non-porous surface with detergent and then rinse with potable water. Allow to drain completely. Apply DUO undiluted and uniformly over the entire surface using spray equipment. No rinse is required. DUO will provide 200 ppm active quat sanitizing.

Hands and Gloves:

DUO may be used to sanitize bare or gloved hands. DUO will be most effective when hands are washed with soap and rinsed with potable water prior to applying. Remove excess product from hands or gloves to minimize transfer of sanitizer to food products or food contact surfaces.

General Surface Sanitizing:

Spray DUO onto contaminated surface, wipe clean with paper towel. Discard paper towel.

Spray again with DUO and allow surface to remain wet for 60 seconds. Let surface air dry.

CONTAINS: isopropyl alcohol, citric acid and quaternary ammonium chloride

UN 1993; FLAMMABLE LIQUID, N.O.S. (ISOPROPYL ALCOHOL)
